Building Bridges with other people is an art we have to learn. We were not created to be islands but sociable beings. Come and build relationships with other people you have never met before. God has a blessing for you! It is about Building Relationships.

We make a Living by what we get, but we make a LIFE by what we give. What is it that you want to pass on to the next generation? Your presence will make a very big difference and lasting impact on the next generation. Come and give something.

We Rise by **LIFTING** others. Our Missions Outreach is lifting children like the ones in picture. A child's compassion that LIFTS her younger one and carries her on her back. What is your compassion for those that are suffering? This conference will show you how YOU can make that IMPACT. LIFT SOMEONE ALSO!

Do not miss out on great and exciting Workshops such as Financial Management.
